### **What To do in downtown Hamilton:**

There are well known nearby destinations like Niagara Falls, Niagara-on-the-Lake, a number of wineries, Toronto or Stratford. But if you are just looking for a walk in the hotel area, if you like old houses and buildings there is Dundurn Castle (a little more than a kilometre away) and Whiteherne (a much shorter walk). Each are listed here: <https://www.hamilton.ca/attractions/hamilton-civic-museums/>

While we will be having our conference dinner there, there is also the Art Gallery of Hamilton across the street from the hotel: <https://www.artgalleryofhamilton.com/>

More ambitious (you would have to take a bus or drive) would be to go to one of the many waterfalls, say Tiffany Falls: <http://conservationhamilton.ca/conservation-areas-2/tiffany-falls/>

At Hamilton Airport there is the Canadian Warplane Heritage Museum which is very good for aviation enthusiasts: <https://www.warplane.com/>
